EDUCATION

Northeastern University

Class of 2025

Design Tech High School

Class of 2021

EXPERIENCE

Grindstone, 2021-2022

Web/Mobile Developer

Designed and developed the front-end of the Grindstone mobile app. Included working in a small development team, meeting product deadlines, and producing a market-ready job platform.

KoiStream, 2020-2021

Co-Founder/Developer

Co-founded and developed a customized streaming platform, allowing my high school to stream community artwork, accomplishments, and awards. Also worked alongside **Oracle Cloud Infrastructure** developers to manage cloud streaming and web servers

Oracle Education Foundation, 2019

Teacher Assistant

Worked alongside professional teachers from the Oracle Education Foundation to teach a fast-paced summer high school class, which covered the fundamentals of computer software and hardware.
